

Since his first run for Congress, **KEVIN CRAMER** and his family have paid themselves over **\$375,000** from campaign funds.

In the six years since Kevin Cramer's been in office, he's paid his family hundreds of thousands of dollars.

He's paid his wife nearly \$150,000 and his children nearly \$17,000 – including paying his daughter \$327 for babysitting during just one event.

He even reimbursed himself nearly **\$200,000**.

### Vote NO on Measure 3

Measure 3 Would Turn Our State into the Wild West of Marijuana

Measure 3 is a poorly written, flawed measure that will do little to protect our citizens. If passed it would make North Dakota the most liberal state in the nation for the regulation and control of marijuana. It would be BAD LAW. We can't let this happen!

## #1 BIGGEST ISSUE:

*The language of the measure states (if the measure passes) that by creating the new Century Code chapter 66-01, it would "nullify and repeal any North Dakota Code language which conflicts with Chapter 66-01".*

***That means EVERYTHING that addresses marijuana under current law – in any way – would be repealed.***

*The only things specifically noted in the measure that would be illegal are the sale of marijuana to anyone under 21; the distribution of marijuana to anyone under 21, and for anyone under the age*

*of 21 to possess marijuana. But that's ALL that is the specifically addressed in the measure. Nothing else is written.*

***So NOTHING else would be illegal if this measure passes.***

Proponents say, in essence, "the Legislature will work things out later." **WILL THEY? Do we KNOW that for sure?**

Some say, that after the medical marijuana law overhaul, there may not be enough support in the House and Senate to get a 2/3 majority vote necessary to make the changes. Are we willing to take the chance?

Can the measure be re-written now? ABSOLUTELY NOT. This IS what North Dakotans will be voting on.

# What You Need to Know About Measure 3

There are so many important facts about why Measure 3 would be a **BAD LAW** for North Dakota. Too many for a simple brochure like this.

## As Measure 3 is written

**- which is what we will be voting on – it is devoid of rules and regulations.** It turns the calendar of law back decades. Here are a few things our state would be facing:

- Marijuana could be grown anywhere, by anyone** – as much as they want, where ever they want to grow it.

- Marijuana could be sold anywhere by anyone.** No licenses. No regulations. No restrictions. Next to a school or church, at a public event, anywhere!

- Driving while impaired by marijuana would no longer be illegal.**

- With so few regulations, **out-of-state Big Marijuana sales organizations** will likely swoop in immediately and set up shops all over the state. They sell many marijuana-laced products including: candy, cookies, brownies – all aimed at starting kids on marijuana use.

- There would be **no limit on the amount of marijuana** a person could possess, nor are there restrictions where it could be smoked/used – schools, churches, public buildings, anywhere.

- North Dakota would be – by far – the most liberal state** in the nation for regulation and control of marijuana. Is this what we want?

- The law would go into effect 30 days after passage.** That means that on December 6, 2018 someone could be selling marijuana in your town and across the state.

# Will Marijuana Sales Generate Huge Taxes for the State?

There is nothing about a special tax written in the measure language, therefore the sale of marijuana would only be subject to normal sales tax. NO BIG MONEY FOR THE STATE!

 **NO BIG MONEY FOR THE STATE!**

## Expungement of Legal Records

One thing that is written in the measure language is that people with prior marijuana-related convictions would have those

records expunged. There are several issues that surround that requirement. Read more on the website – [VoteNoOn3ND.com](http://VoteNoOn3ND.com)

## A Few Facts to Consider from States that Have Experienced Legal Recreational Marijuana Sales

- **Kids and early marijuana use?** In Colorado, studies show first-time use has increased by 65% since legalization.
- **Crime rates** will likely follow what other states have experienced. Example: in Colorado the crime rate has increased 11 times the national average, the violent crime level has increased 19%.
- **Medical emergency room visits** for marijuana-related issues will likely sky-rocket as they have in the other states. Example: Central Oregon hospitals have seen a 2000% increase in marijuana-related emergency room visits.
- Washington state has seen a **doubling of drugged-driving fatalities** since legalization.
- Across the country, 50% of **fatal car crashes** involved drivers whose blood tests showed positive for THC - the active ingredient in marijuana.
- **Effects on business:** Across the nation in states where recreational marijuana is legal, businesses report significant increases in workplace problems: increased positive drug test results, shortages of reliable employees, chronic tardiness and on-the-job accidents.
- **Alcohol consumption** has not decreased in any of these states, and in some has increased quite a bit. So that argument won't work.
- **Law Enforcement** would have an entirely new challenge in protecting the public.

# KEVIN CRAMER VOTED FIVE TIMES TO ALLOW INSURERS TO DENY COVERAGE FOR PEOPLE WITH PRE-EXISTING CONDITIONS

More than 300,000 North Dakotans have pre-existing conditions. If Kevin Cramer is elected senator, he'll work to repeal protections for people with pre-existing conditions.

If you, or a family member, has high blood pressure, suffers from asthma or diabetes, wants to have a child, or God forbid, has cancer, don't count on affordable health coverage.

Cramer will work in the U.S. Senate to deny you coverage. And this time it will very likely become law.

mind knowing your health insurance will cover the cost.

**KEVIN CRAMER ISN'T WORRIED about your peace of mind, or your ability to see a doctor in an emergency. In fact, CRAMER VOTED TO ALLOW INSURANCE COMPANIES TO DENY COVERAGE for people of all ages who have pre-existing conditions.<sup>1</sup>**

More than 300,000 North Dakotans have pre-existing conditions, from asthma to high blood pressure, to cancer, and even pregnancy. If you or a family member have a pre-existing condition, Cramer doesn't care if you have an emergency.

**Kevin Cramer's more concerned with protecting his deep-pocketed donors' interests instead of protecting the health of North Dakotans.**

# KEVIN CRAMER Will Fight To Cut Social Security THAT'S DANGEROUS FOR NORTH DAKOTA

President Trump promised us he would never cut Social Security and Medicare. But over the past few weeks, Kevin Cramer has repeatedly bragged that he disagrees with President Trump and would try and cut Social Security and Medicare if elected to the Senate.

► **CUT SOCIAL SECURITY:** North Dakotans have worked hard and earned their Social Security. But Kevin Cramer supports raising the eligibility age for Social Security, which experts say cuts benefits for those who paid into the program for decades.<sup>1</sup>

► **END MEDICARE AS WE KNOW IT:** Cramer voted for an extreme budget plan that would turn Medicare into a voucher program, where seniors purchase insurance on the private market.<sup>2</sup>

► **IMPOSE AN "AGE TAX" ON SENIORS:** In Washington, Kevin Cramer voted for an extreme plan to let insurance companies charge customers ages 50-64 five times more than younger people. Cramer's plan, which the AARP called an "age tax," would hurt North Dakota seniors.<sup>3</sup>

# Heidi Heitkamp: Working With Both Parties To Protect Social Security And Medicare

Heidi Heitkamp has been a strong advocate for seniors. Now a member of the Joint Select Committee on Solvency of Multiemployer Pension Plans, Heitkamp has been a long-time advocate for those retirees, pushing for legislation on their behalf, fighting against pension cuts, and calling for a solution to their crisis.
